

JAPANESE KEEP UP RELENTLESS PURSUIT

Appalling Loss to Russia Being Increased Constantly.

GEN. KUROPATKIN TO GIVE UP COMMAND

Official Advices From Far East Received at Japanese Legation Monday—Europe Thinks Czar's Power in East is Hopelessly Crushed.—Latest War News.

—WASHINGTON, March 13.—[Bulletin]—Two dispatches have been received from Minister Griscomb, dated Tokyo, March 12. They read as follows: "Officially reported the Japanese army captured 20,000 prisoners before 11th."

Another official reports says: "The Russian losses are over 155,000 of which 40,000 are prisoners, 26,500 dead on the field and about 90,000 other casualties."

JAPS KEEPING UP RELENTLESS PURSUIT.

TOKYO, March 13.—The latest dispatches from the front today show that the Japanese are following up their advantage gained in the previous days of severe fighting and are keeping up a relentless pursuit of the fleeing Russians. The Russian losses are being increased constantly and the victorious Japanese continue to seize great quantities of stores, ammunition and supplies of all kinds which have been abandoned by the enemy in his flight.

The entire district formerly held by the Russians for 25 miles north of Mukden has been completely cleared of the enemy. The Russians who succeeded in making their escape from the Japanese are hurrying toward Tie Ling, with the victorious armies in close pursuit. On both flanks the Japanese have followed closely. The heavy guns have been turned on the retreating enemy with terrible effect.

There has been no time for Marquis Oyama's forces to even estimate their spoils or to count their prisoners. It is apparent, however, that at least half of General Kuropatkin's army has been killed, wounded or captured, or the demoralized remnants of those who were cut off from their division driven into the hills.

The pursuit of these bands is being kept up diligently and it is believed that all must eventually fall into the hands of the Japanese. At least one Russian regiment has lost its colors to the Japanese. The standard of the 102nd regiment of the district of Vilna was captured. The inscriptions on the flag show that it was carried in three previous wars.

The news of the latest movements of the armies is contained in an official dispatch from the Japanese field headquarters which say "all our forces have advanced north, pursuing the enemy in all directions and inflicting heavy damage, and they have defeated the enemy who attempted resistance at various places."

"Our forces have completely cleared the enemy out of the districts 25 miles north of Mukden, and on Sunday were still pursuing them."

"The Russians abandoned countless carts of supplies and ammunition in the district for 13 miles from the vicinity of Kaolintun, south of Chialikotzu, west of the railway, and 16 miles north of Mukden. There has been no time yet to count them."

"One of the colors captured belonged to the 102nd regiment from the Vilna district, which had been engaged in three previous wars."

"Our Siminting garrison has arrested a paroled Russian officer from Port Arthur, who broke his parole at Shanghai, and proceeded to Siminting."

"Additional stores intended for the Russians have been seized at Siminting."

MANY CORPSES FOUND ON FIELD.

WASHINGTON, March 13.—The Japanese legation this afternoon received the following dispatch from Tokyo:

"In the direction of Hinking the enemy's losses are not yet ascertained, but more than 800 Russian corpses have already been found on the field. According to statements by prisoners, the seventy-first division of the Russian army was almost annihilated. Although the Russians burned the storehouses at Machuntan and other places large quantities of fodder, ammunition and war materials fell into our hands."

RUSSIA'S POWER IN FAR EAST CRUSHED.

LONDON, March 13.—Telegrams from the continental capitals today show that the general opinion in Europe is that Russia's power in the far East is now crushed beyond any chance of re-establishment. The hope is expressed everywhere that the Czar will conclude peace, for humanity's sake, and to prevent a useless interminable slaughter. Efforts are being made all over Europe to indicate to Russia that she will no be disgraced by ending the war.

STILL PURSUING RUSSIANS.

Tokyo, March 13.—A dispatch just received from the front says: "Our forces drove the enemy completely out of the district twenty-five miles north of Mukden yesterday. We are still pursuing the Russians in all directions, inflicting heavy damages on the defeated enemy. The Russians have abandoned countless carts of supplies and ammunition."

RUSSIANS NEAR TIE LING.

St. Petersburg, March 13.—Dispatches received here today from Tie Ling state that the Russians are near, and that place this morning. The Japanese are moving north from Mukden in detachments.

FEARFUL TALE OF FLIGHT.

Paris, March 13.—The St. Petersburg correspondent of the "Petit Journal" says that the Mukden disaster surpasses in horror all that could be imagined.

The miserable Russian soldiers, seized with madness, fired upon one another. Others charged trees with their bayonets, taking them for Japanese. Many of the troops threw themselves

SPOILS OF WAR

Immense Quantities of Supplies Captured by Japs—Report from Field Marshal Oyama.

Tokyo, March 13.—Reporting last night, Field Marshal Oyama says: "Prisoners, spoils and the enemy's estimated casualties against all our forces in the Shalukh direction follow, but the prisoners, guns and spoils are increasing momentarily. The prisoners number over 40,000, including General Nakhimoff. The killed and wounded are estimated at 90,000. The enemy's dead left on the field number 26,500. The spoils include two flags, about 60 guns, 60,000 rounds of small arms ammunition, 75,000 bushels of cereals, 27,500 bushels of fodder, 45 miles of light railway outfit, 2,000 horses, 23 cartloads of maps, 1,000 cartloads of clothing, and accoutrements, 1,000,000 rations of bread, 70,000 tons of fuel and 60,000 tons of hay, besides tools, tents, bullocks, telegraph wire and poles, timber, beds, stoves and numerous other property."

"No report from the Singking direction has been received."

"The battle has been officially named the battle of Mukden."

"Reports of the chiefs of medical corps of all the armies have been received from Feb. 26 to March 12. Our total casualties at that time were 41,222."

The pursuit of the Russian army by the victorious Japanese continues and a resumption of heavy fighting in the vicinity of Tie pass is anticipated. Tie pass, which is naturally strong, has been extensively fortified, and it is thought the Russians will rally there in an endeavor to check the Japanese.

The rapidly advancing Japanese already are in touch at Tie pass. The Russians evidently are confused and exhausted and possibly are short of food and ammunition, and it is believed here they will be unable to resist a strong attack.

Succeeding field reports increase the extent of the Russian disaster. It will require months to resupply and reorganize the Russian armies. Estimates of casualties given by captives reach 40 per cent. The artillery losses were especially heavy.

Expect Japanese Advance.

Tie Pass, March 13.—The Japanese, it is reported, have ceased their pursuit, at least temporarily. Some of the Japanese are 25 miles below Tie pass. A resumption of their advance is expected. Rumors are in circulation that the Japanese already are attempting another wide turning movement to drive the Russians from Tie pass. The Russian troops here have been arriving with hopelessly mixed units in consequence of the change in the front. The troops are being sorted out and organizations reformed and assigned to places to defend the new position, but whether Tie pass will be held or abandoned probably will not be decided for several days.

Traffic Suspended.

Tien Tsin, March 13.—Owing to the unforeseen difficulties the Chinese railway administration announces a suspension of train service until further notice between Koupanzt, Yin-kow and Simintin. The suspension, according to information, is owing to the Japanese military authorities insisting upon the railway carrying military stores.

British Steamer Captured.

Tokyo, March 13.—The British steamer Saxon Prince, bound for Vladivostok with a cargo of steel rails, was seized March 9 by the Japanese in the Tsu straits and taken to Sasebo for trial.

LAWYER PATRICK

Given Permission to Argue His Own Case, but is Finally Persuaded Not to Do So.

New York, March 13.—It was disclosed by Warden Johnson of Sing Sing prison that Lawyer Albert T. Patrick, convicted of the murder of William Marsh Rice, the aged millionaire, had been granted by the court of appeals, in response to a written plea, the remarkable permission to appear before it on Tuesday and fight his battle for a pardon. An order was received Sunday night by Warden Johnson instructing him to take the prisoner to any on Tuesday. At the last moment under pressure from his counsel, he firmly believe Patrick will refuse his case if he appears and finally fights for a pardon. The pardoned man abandoned his intention.

Weds His Ward.

Toledo, O., March 13.—State Senator L. L. Austin and his ward, Miss Nellie Austin, were married on Sunday at the home of Mrs. Austin. The bride was wearing a gown of white silk and was escorted by her father, Mr. Austin. The groom was wearing a suit of blue and was escorted by his brother, Mr. Austin. The ceremony was performed by Rev. Mr. Austin.

CONVICTION

Of Mrs. C. L. Chadwick Ruined Queen of Finance.

GUilty ON ALL SEVEN COUNTS

Under the Jury's Finding Maximum Penalty is 14 Years and a Very Heavy Fine.

Cleveland, O., March 13.—In the court here a verdict was returned finding Mrs. Cassie L. Chadwick guilty of conspiracy against the United States. The jury required only brief deliberation to find her guilty on all of the seven counts of the indictment on which she was tried. The verdict makes possible a maximum penalty of 14 years at hard labor in the penitentiary and a fine of \$70,000 in addition to the imprisonment.

The conviction of the ruined queen of finance was a sensational and hysterical conclusion to a trial that has been replete with tragedy and absorbing dramatic interest. Mrs. Chadwick collapsed completely when the fatal words were read to her. From the time of leaving the marshal's office until the door of the jail closed behind her she kept up moaning that was distressing to hear.

In speaking of the verdict of the jury in the trial of his client, Mrs. Chadwick, J. P. Dawley, her senior counsel, said that the verdict was not according to the terms of the indictment, and that the case would be taken to the court of appeals at Cincinnati as soon as possible.

Mr. Dawley saw Mrs. Chadwick for a time at the jail, and said she was somewhat prostrated over the verdict, but he assured her that he felt there was good grounds for hoping for a reversal of the verdict and that this information cheered Mrs. Chadwick considerably. Mr. Dawley said that his client had a very unfortunate jury, men wholly unaccustomed to banking transactions or dealing largely in borrowing of money, etc. If the juryman could have eliminated from their minds the impressions they probably had formed and tried the prisoner on the one question involved in the indictment, he felt sure the verdict would have been different. Prominent attorneys with whom he had talked and who had followed the case gave it as their opinion that no case had been made against Mrs. Chadwick.

SHE'LL WEAR SATEEN

On Sundays, But During the Week Cases Will Have to Put Up With Cheap Calico.

Columbus, O., March 13.—If Cassie Chadwick, the marvelous financier, is incarcerated in the Ohio penitentiary, as now seems likely, she will not be accorded any more privileges than fall to the lot of the least known of the female prisoners in the big penitentiary.

"As far as I am concerned, officially," says Worden Gould, "she will not be Cassie Chadwick to me. She will be merely a prisoner and will have the same standing as the poor negro sent to us from the Indian Territory by Uncle Sam."

"Her arrival here may cause a brief sensation, but it will not be inside the walls of the institution—only among the curious outsiders. The fact that she has rolled in wealth, traveled abroad and lived in comparative luxury will cut no figure with me if she is sent down here."

Mrs. Chadwick will be a seamstress in the prison. With the other 45 female prisoners about evenly divided between whites and blacks, she will make the wearing apparel for the convicts in the female ward and the shirts and work coats for the male prisoners.

Every night at 5:30 she will be locked in her cell and at 6 o'clock in the morning she will be unlocked. With the exception of half an hour at noon she will be in the day until 4:30, coming out on the female prison grounds.

Mrs. Chadwick will not be allowed to receive any visitors and will be under constant guard. A cheap blue and white striped gown will come with her. On Sunday, when she goes to church, she will wear a blue and white gown and a blue and white shawl. Her only personal belongings will be a comb and a small mirror.

FAMILY KILLED

Awful Deed Committed By a Denver Teamster

THREE DEAD THREE WOUNDED

Man Was Maddened Because of His Defeat in a Lawsuit With a Neighbor.

Denver, March 13.—Mad with rage because of his defeat in a lawsuit in which K. Fill, the man whom he pronounced his bitterest enemy, had been victorious, and swearing vengeance against him and his family, George Schistler, a teamster, armed himself with a rifle and started out to murder. When the smoke of battle had cleared away three persons were dead, one was missing, and three others lay wounded, two at least dangerously.

The dead: K. Fill, Mrs. K. Fill, George Schistler. Missing: A child of the Fills. Wounded: Dr. Frank Dulin, police surgeon; Captain William Bohanna, acting chief of police; Mike Kelly. The wife of George Schistler is prostrated over the affair, and may die from the shock.

Schistler returned to his own home and barricaded himself inside. In the meantime neighbors appeared upon the scene, but quickly retreated when bullets from Schistler's rifle began falling near them. A telephone message was sent to police headquarters, and an ambulance, with Police Surgeon Dulin, Captain Bohanna and three officers, hurried to the scene.

Upon the arrival of the officers and before they could leave the ambulance a rain of bullets fell about them. Dulin and Bohanna fell to the floor of the ambulance wounded. The driver reined his horses, when another shot from Schistler dropped one of the animals to the ground. With the assistance of spectators the wounded men were removed from the scene. Dulin was shot three times, once in each leg and another time in the left thigh. His condition is critical. Bohanna received a bullet in the leg, but is not dangerously hurt.

A call for reinforcements brought all the available men from police headquarters and the sheriff's office, and a consultation was held to formulate a plan to capture Schistler. Firing squads were stationed in nearby houses and a larger force was placed in a portable fort made of baled hay piled upon a hay wagon. During the preliminary arrangements Schistler kept up a continuous fire in all directions. This was returned by the officers, and hundreds of shots were exchanged. Kelly was slightly wounded. Finally Schistler ceased firing and the hay wagon fort was moved cautiously toward the house. When the attacking force reached the front gate without a shot being fired, one of the officers stepped out into view, thinking to draw the fire of Schistler if he were still alive. None came, and, with a rush, the officers charged the house and battered down the door. They found Schistler lying upon a bed bleeding from several wounds. He died soon afterward. It is not known whether he was hit by bullets from the weapons of the pursuing party or committed suicide.

Mrs. Schistler was away from home at the time, and when she learned of the affair fell prostrate. It is thought she will die from the shock. Hundreds of persons were attracted to the scene, which was in an outlying suburb. Mayor Speer and Police Commissioner Howitt aided in directing the work of the police.

TENDERLOIN

HAS TAKEN HOLD OF A NEW VICE "BLOWING THE BURNERS."

The "Catarrh Cure" Contains More Than the Legal Two Per Cent of Cocaine.

New York, March 13.—The police are endeavoring to suppress a new vice which has taken hold of the tenderloin. "Blowing the burners" it is called, and it has won thousands by its seductions. Many who have tried "blowing the burners" as a catarrh cure are now slaves to the cocaine, morphine and opium habits. The new vice has in a few years, made its inventors millionaires.

In almost every drug store in the tenderloin there are on sale a number of so-called "catarrh cures." With the bottle comes a glass and rubber tube attachment. The catarrh "cures" contain more than the legal two per cent of cocaine. The glass tube is filled with the powder and placed in the nostril. The rubber tube is placed in the mouth and with one blow the white substance disappears in the nasal cavities. This is "blowing the burners." The habit has taken a strong hold upon many habitués of the tenderloin and the police yesterday took several drug clerks into custody.

SUPREME COURT

Urged to Take a Hand in the Colorado Muddle—Arguments Are Made to the Court.

Denver, Colo., March 13.—The state supreme court heard arguments on the question of taking up the interrogatories submitted by the general assembly with a view of testing the legality of the proposition to oust Governor Alva Adams and seat Lieutenant Governor Jesse F. McDonald as governor. Attorneys for James H. Peabody argued that the court could take cognizance of the questions, but that the legislature could not legally send the lieutenant governor, and that if a vacancy were declared former Governor Peabody would be reinstated in the office. He referred to Alva Adams after the legislature had sent the returns and a declaration of election. The anti-Peabody "constitutional" proposition, that is, that the legislature has a right to declare a vacancy in the office of governor, and that the lieutenant governor would be reinstated in the office.

TO BREAK JAIL

Attempt Made by Sixteen Prisoners at Hot Springs, Ark.—One Killed. Two Others Captured.

Hot Springs, Ark., March 13.—Sixteen prisoners made a desperate attempt to break out of the county jail at Hot Springs, Ark., on Sunday. The prisoners were armed with knives and pistols. One prisoner was killed and two others were captured. The remaining prisoners fled.

Summer Hotel Burns

Newark, N.J., March 13.—The summer hotel at Newark, N.J., which was a summer hotel, burned on Sunday. The fire started in the kitchen and spread to the main building. The hotel was completely destroyed. The cause of the fire is being investigated.

NEW CHURCH DEDICATED

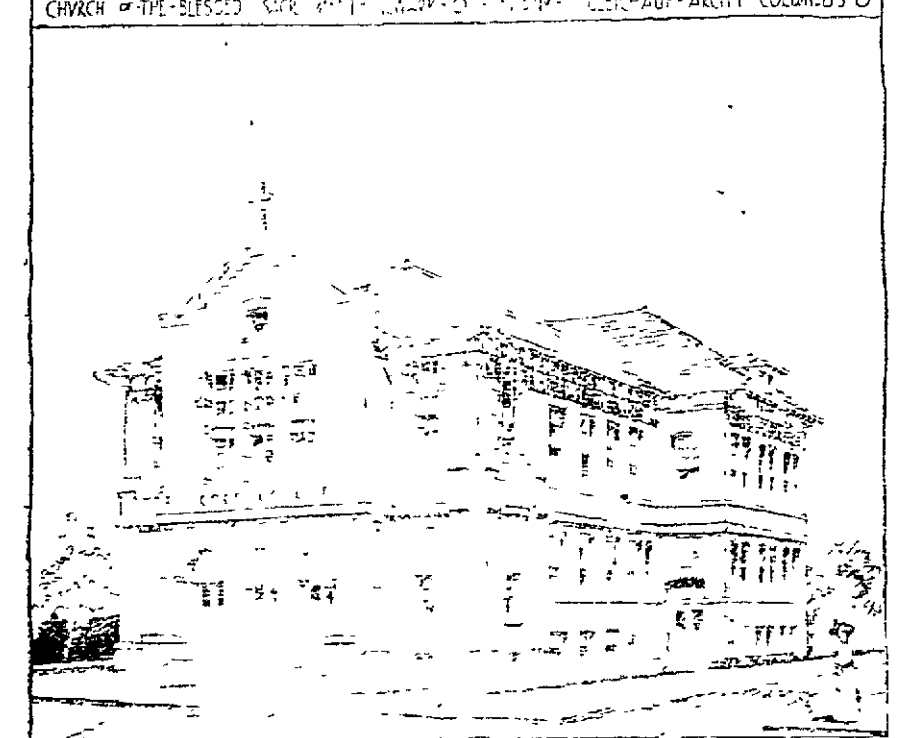

Bishop Hartley Officiated at Impressive Ceremonies Held on Sunday and Preached Two Sermons.—The East Newark Catholic Church is now Officially Established.

The new Church of the Blessed Sacrament, on East Main street, the Catholic church of East Newark was dedicated with appropriate ceremonies on Sunday. The day was ideal and a large concourse of people was present at all the services, many going over from the central parish to hear and see the interesting and impressive services.

FATHER CHARLES H. WATTERSON.

was present and was the central figure during the day. The procession formed at the home of Father Watterson and proceeded to the church. At the entrance a "capped" and the Bishop recited the following prayer: "Direct, we beseech Thee, O Lord, our actions and carry them on by Thy gracious assistance, that every prayer an action of ours may always begin from Thee and be Thine be happily ended; Amen." The Bishop then began the oration "Asperges Me," "Wash me, O Lord, with hyssop, that I may be cleansed; cleanse me that I may be whiter than snow." The Bishop, followed by priests and altar boys walked around outside the building sprinkling the walls with Holy water and reciting alternately with the priests the 50th Psalm, "Have mercy on me O God, according to Thy great mercy." Having returned to the front of the church the Bishop recited the following prayer: "O Lord God, although the Heavens and the earth cannot contain Thee, Thou hast seen fit to choose this

house on earth which should be involved. The Bishop then preached two sermons. The first was on the subject of "The Church as a Society" and the second was on "The Church as a Family." The Bishop's sermons were well received and the people were deeply moved. The Bishop then gave the benediction and the people departed in great numbers. The new church is a fine building and is well equipped for the needs of the community. It is a great blessing to the people of East Newark and will serve them well for many years to come.

ed during the 1900 years of her existence, and showed how, in spite of enemies, both within and without her fold, she has triumphed. This was possible only because of the promise of the Redeemer, that He would be with her all days, even to the consummation of the world.

Relying on this promise, the church has pursued the "even tenor of her way," and has not faltered. Christ declared "the gates of Hell shall not prevail against her," and the history of the last 1900 years, proves that these words were not uttered in vain.

At 4 p. m. the Bishop recited the Rosary, after which he delivered a sermon on the "Real Presence of Christ in the Blessed Sacrament of the Eucharist." He showed how Christ promised that He would give His own body and blood to be the food and drink of men. Just as the Jews of old refused to believe that Christ could give His body and blood to be eaten and drunk by men, so do many of the present day reject this truth. The Jews witnessed the miracles of Christ; they saw him restore sight to the blind, hearing to the deaf, health to the sick, and even saw him raise the dead to life, but when he declared that he would give his own body to be eaten and his own blood to be drunk, they strove among themselves, would not believe his words, and refused to walk with him any more.

The Bishop quoted from the gospels of Saints Matthew, Mark and Luke that Christ, the night before he died, fulfilled His promise when he took bread and wine, and by His almighty power, changed them into body and blood. The apostles believed Christ's word and when He asked them if they too would leave Him, answered and said, "To whom shall we go, for Thou has the words of eternal life."

For 1900 years, argued the Bishop, the Catholic church has taught the doctrine of the real presence. What St. Paul taught to the Corinthians, as we read in his first epistle, the 11th chapter, the church has ever held and taught.

At the time of the reformation, some of the church's own children rebelled against her authority, and many of them rejected the truth that had been handed down from the beginning. They coined the word, "consubstantiation," and taught that while Christ was present under the form of bread, the substance was not changed. But the church, in order to refute this teaching, decided on the word "transubstantiation," which means that the substance of the bread and wine was changed, and that what was bread, by the power of God, was changed into His body. Along the same line of argument the Bishop proved that the wine was converted into the blood of Christ.

After the Bishop's afternoon sermon he gave benediction of the Blessed Sacrament.

The new parish was originated by Father O'Boylan, who last April, requested the Bishop to establish it. Ground was broken on August 29, and the corner stone was laid by Bishop Hartley on October 16, 1904.

The pastor, Rev. Father Charles H. A. Watterson, who came here last June from Cambridge, is a nephew of the late Bishop of this diocese, Rev. John A. Watterson. The pastor of the new church is a devout Christian, a powerful preacher and a courtly gentleman. The success of the new church under his pastorate is assured.

Week day masses will be said every morning at 6:45, Lenten devotions every Tuesday and Friday evenings at 7 o'clock.

The choir which rendered music for the occasion was directed by William Downey and consisted of the following members: Sopranos, Mrs. Charles Livingston, Mrs. Charles Friel, Misses Katherine Kelley, Anna Stare, of this city and Miss Hattie Kimmel of Zanesville.

Miss Nellie Downey was the leading alto. The men in the choir were N. W. Yearley, Henry Johns, Jr., Edward Grady, John Carr and Charles Friel.

Bernard McDougough furnished the violin music and Miss Mamie Reilly was the organist throughout the day's program.

The site for the handsome new church was selected by Fr. O'Boylan, rector of St. Francis de Sales church.

Donor of the Altar.

The donor of the high altar in the new church of East Newark is an old friend of Father O'Boylan, who went to the same school and was taught by the same teacher—the uncle of the Rev. Father. When the papers announced that the new parish was going to be formed the offer of the altar was made to Father O'Boylan and accepted. This statement corrects a false report that has gone abroad to the effect that it was the gift of a Newark gentleman. Perhaps the latter will now, to get even, donate the church.

NEWS OF OHIO

Genoa Bank Robbed of \$3,000 During Night.

BAR IRON RATE SCALE FIXED

Dispatches from All Sections of the State Bearing News of Interest.

Toledo, March 13.—The bank of Genoa at Genoa, O., was robbed of \$3,000 during the night.

Four charges of dynamite were required to blow the outer doors and the strong box inside the safe. The safe was completely wrecked, a portion of the door being blown from the building and across the street. The robbers hastily gathered up all the money in the bank, amounting to \$3,000. Notes to the amount of \$73,000 were taken by the robbers. These are not negotiable. President Powers' private vault contained \$4,000 in cash and \$10,000 in bonds. These were not disturbed. Two rigs were stolen from an adjacent barn and the four men made their escape to this city.

They were seen by the police, but immediately turned back over their route and entered the city by another road and before the police could secure them had boarded street cars and scattered. No trace has been secured of them.

Bar Iron Scale.

Youngstown, O., March 13.—The result of the bi-monthly settlement of the bar iron scale made this morning was an increase for the next two months. The Amalgamated Association was represented by Assistant President John Pierce and the Republic Iron and Steel company by James H. Nutt. The card rate is increased from 1.3 to 1.4 cents, making the puddling rate \$5.12 1-2 instead of \$4.90 a ton. Bar mill heating is 60.3 cents a ton and rolling is 41.5 cents a ton. While the finishers have received an advance since last summer, this is the first for the puddlers.

Mother Sues the Saloon Keepers.

London, O., March 13.—Rachel Goldsmith, as administratrix of the estate of John H. Goldsmith, entered suit for \$10,000 damages against Saloon Keepers John Gorry, Joe Endres and Louis Kleider, who are charged with selling liquor to the decedent, a minor. It is alleged that while driving home on the evening of Dec. 27 in an intoxicated condition the boy was struck and killed by a car.

Fatal Saloon Row.

Her father committed suicide by hanging several years ago while insane, and a sister of the girl is now an inmate of an asylum.

for the insane. Miss Sharp's home is at Lacarne, Ottawa county, but she had resided here for several years.

Collier Trial Begins.

Columbus, O., March 13.—George M. Collier, former state engineer, was placed on trial today on the charge of embezzlement of \$2,700 of state funds. Through the testimony of Charles J. Manney, chief clerk, in the state department of engineers, it developed that the check on which the indictment is based has been lost. On it Collier drew \$1450 the days before he disappeared. The absence of the check will weaken the state's case.

STATUS

OF THE JAMES F. LINGAFELTER BANKRUPTCY

Explained by A. A. Stasel, Receiver for the Newark Savings Bank—The Next Step.

Attorney A. A. Stasel, receiver for the Newark Savings bank company was seen by an Advocate reporter Monday and had the following to say:

"Since you have called upon me and asked me for the situation of the Lingafelter property since the adjudication in bankruptcy, as soon as the court meets and confirms the finding of the referee, Mr. Lingafelter will be required to file in the United States court, a list of his creditors, and an inventory of his property. The court will then fix a time when the creditors are to meet and the creditors will then elect a trustee in bankruptcy, who, upon being qualified will immediately take possession and title to all of Mr. Lingafelter's property, real and personal.

"The trustee will then have this property appraised and have the same sold at public or private sale, as the court may order.

"When the property has been reduced to money, the proceeds will be distributed pro rata among the creditors.

"By this means, probably, the mortgage of \$50,000, given to the Homestead Building Association, will share pro rata in that money, and the claim of the receiver of the bank will also share in this fund, and a larger dividend will be declared to the bank's depositors. The amount of this increase it is impossible to approximate. "The bank receiver's claim is nearly \$75,000."

RECTOR RESIGNS

BECAUSE OF DISSENSIONS IN A TOLEDO CHURCH.

Rev. L. P. Franklin of Newark Was Assistant in This Toledo Church Until Quite Recently.

Toledo, O., March 13.—Members of the Trinity Episcopal church were very much surprised at the morning service Sunday when Rev. Alford Liffingwell, who has been rector for the past six years, announced his resignation. He gave no reason and refused to make a statement until his resignation is acted upon by the vestry. The resignation, however, is believed to be the culmination of dissensions which have existed in the church the past two years.

Eight months ago Professor C. H. Thompson, then choirmaster, was forced to resign because of differences with the rector. Mr. Thompson took a similar position at St. Mark's Episcopal church and a number of the members of Trinity left that church and joined St. Mark's congregation.

Two weeks ago Rev. L. P. Franklin, curate at Trinity, resigned to accept a call to the rectorship of a church at Newark, Ohio.

Benton Bank Robbed.

Paducah, Ky., March 13.—Burglars entered the bank of Benton, at Benton, this morning, blew the vault and stole about \$4,000. The burglars escaped on a hand car and are supposed to have caught an Illinois Central train.

The National Civic Service Commission's report contradicts the saying that "few die and none resign" in the Federal service. It shows that out of every 1,000 employees 70 resigned voluntarily last year.

DON'T BE FOOLED

into thinking that anything else is "just as good as 6-5-4" because nothing else is suitable for use on a Gas Range; nothing else will wear as long on any cooking range; nothing else will dry in 10 minutes; nothing else will cover so much surface, and no other stove preparation is, at the same time, suitable for use on wire window and door screens, stoves and stove pipes.

Paine's Celery Compound Makes Nerve Force

Nerve Force rules the world. Health—the satisfaction of living,—is the right of every man and woman born into the world.

Health is a question of keeping all the organs of the body working together in fine, smooth, harmony.

The force that rules them all—that makes them work as nature meant and makes them keep in harmony—is Nerve Force.

Without Nerve Force there can be no health at all—no success—no joy in living.

The center of life is in the nerves.

The real root of health or sickness is found in the condition of the nerves.

Neglect the nerves and they will make you feel this neglect in many ways, they control all of the organs of the body and must be kept healthy and strong to do their work properly,—tired nerves cannot keep the organs of the body working in that harmony which is essential to real health.

This is why Paine's Celery Compound is able to bring health in so many different forms. Paine's Celery Compound feeds and nourishes the nerves. It makes new Nerve Force. It makes pure, rich blood, a clean active liver, a stomach that acts quietly and strongly upon all the food that is given to it, bowels that throw away promptly and surely all the ashes from life's engine room.

It makes the heart beat true and evenly, it makes the brain clear and vigorous.

The Nerve Force does this all, and Paine's Celery Compound makes the Nerve Force.

Best of all it makes that buoyant life-spirit, the thrill of health, that is the secret of happiness and the keynote of individual success.

This is the work of Paine's Celery Compound. It is the most celebrated nerve vitalizer and tonic in the world.

We give the testimony of many individual cases, simply that you may know their experience in their own words.

"I am a man of more than 60 years, and for the past 20 years I was a great sufferer with acute stomach trouble and rheumatism. I tried a number of specialists, but their efforts were unavailing and I felt as though life was not worth living, and I had given up all hope of being a well man again. My wife, who also had stomach trouble, at the suggestion of a friend, tried two bottles of Paine's Celery Compound and was fully restored to health. She then encouraged me to try the same medicine; I did so, and now I am a sound and well man, able to work every day. I bless my good wife every day for my good health, as she got me to take Paine's Celery Compound, in my opinion the greatest medicine ever given to the world for nervousness, stomach trouble, rheumatism and kindred ailments. Yours very truly,"—Martin Baldwin, 610 North 10th St., St. Joseph, Mo. Feb. 25, 1904.

Doctors know and value this prescription and make constant use of it in their practice.

Its effect is almost instantaneous—the nourishment and vigor given to the nerve system by Paine's Celery Compound is felt at once.

The patient feels this at once and gains confidence by it.

The Nerve Force begins at once to make each organ of the body do the work that nature expects of it.

Two days' treatment with Paine's Celery Compound will prove its marvelous power.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University, and all reputable druggists sell and recommend it.

Tampering With the Law.

The tampering with the statutes by the bosses was dealt with in a plain blunt old fashioned style, by Colonel William A. Taylor, in the Columbus Citizen, when the fact was recently developed that the tax inquisitor law had been entirely changed without the knowledge of the people, until the grafters were called to account, when they gleefully produced the "sleeper edition" of the law giving them a wholesale pirate's license.

"Is not the public in danger," inquired Colonel Taylor, "of bankruptcy from the undeveloped and unsuspected 'sleepers' engrafted upon the statutes of the state during the past ten years?"

How long are the people of the state going to submit to boss, gang and grafter rule?

People do not comprehend the real condition of things in Ohio under the boss domination and the three-fourths majority legislatures of the past ten years. During that period the emasculation of the tax inquisitor section took place. Up to a few days ago no one even suspected it had been tampered with. The work was done secretly, as all such work is done, in the hurricane-like rush of all the bad forms of legislation, and as a part of the sublime plan of the "Evolution of the Statesman" which from this time on ought to be studied by every honest man in Ohio, without regard to his political prejudices.

This surreptitious change in the tax inquisitor law is a piece of the "amendment" to the section against public officials contracting for public works, materials and supplies. Officials in Toledo and elsewhere notoriously evaded the law as it was supposed to be, and were indicted.

The word "not," never before suspected, found in the amended law. In the meantime the public must suffer from unrestrained plunder.

It is said that a full explanation of how this work has been done is soon to be available to the public. And the public ought to profit by its revelations.

BURGLARS

Butted Into a Bunch of Scared Girls and the Toughs Fled in a Panic.

New York, March 13.—The girl cloakmakers of J. C. Hirsch's factory, on the fourth floor of 41 West Seventeenth street, worked late Saturday night on a rush job. The curtains were down, so the light did not show on the street, and the rest of the building was dark and deserted. The foreman had gone out for a few minutes and there wasn't a man about the place.

"What's that, Mame?" suddenly cried a blonde who sat by the door.

Twenty-five needles stopped and 50 shell-like ears were cocked. There was a faint scratching at the door, which stopped all of a sudden.

"You're dreamin', Jen," said Mame. "I ain't," responded Jen in a shivering voice. "Listen."

The scratching was going on louder and louder. It could be heard echoing through the dark empty halls.

"Maybe it's rats," whispered Mame. Twenty-five skirts were agitated violently.

"Rats, I believe it is," cried Jen, and jumped for the table. It set them off in bunch. They all jumped and screamed, just as the door opened, and two men carrying a bar and a jimmy stood in the doorway.

The burglars were just as scared as the girls, though they didn't scream so loud. Any burglar would be scared if he started to open a deserted factory door with a jimmy at 10 p. m. and met 25 girls face to face. For a moment they contemplated the scene and then ran for it. They but-

Policeman White heard the screams and ran up stairs. He was too late, the burglars were gone.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpelide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpelide." Besides, Herpelide is one of the most agreeable hair dressings there is. Herpelide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpelide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

STORY A FAKE

"Gold" in Hollow Stump in Coshocton County Wasn't Gold After All. Stuff Analyzed.

Jacob Stillenbauer, the farmer living near Keene, Coshocton county, who made the supposed wonderful find of gold in a hollow tree on his farm on Saturday, took the basket of cinders into which the precious metal was supposed to have imbedded itself, to Coshocton. He took it to the C. D. Brooke jewelry store and there the find was examined by Mr. Vance, a practical assayer.

Mr. Vance at once pronounced the find as worthless and failed to find any suggestion of metal of any kind. The stuff does not differ in appearance from the charcoal and vitrified earthy accumulations that may always be found in the bed of such a fire.

While Mr. Stillenbauer fails to realize a fortune, the tale has at least furnished the pretext for sundry newspaper stories. When the story reached Columbus the amount of the find was \$3,000, and this was increased to \$5,000 in transit on to Cincinnati, while to some of the still more remote papers it was handed out that the find was \$10,000 in untarnished yellow coin of the mint. It was a good story, but it was too good to be true.

WON A LEGACY,

But the Policeman Lost His Job by His Trip to Ireland in Quest of the Money.

Cleveland, Ohio, March 13.—John Grimes, of No. 66 North Genesee avenue, who was formerly a member of the police force and who mysteriously disappeared from his home several months ago, has returned. He wants to rejoin the police force, which he unceremoniously deserted to make a trip to his old home in Ireland.

Mr. Grimes has returned richer by about \$1,020. The amount was left to him by a distant relative, and it was to obtain this legacy that he crossed the water.

Grimes walked into Chief of Police Kohler's office and announced that he was ready to go back to traveling beats.

Grimes was discharged from the force after charges had been formally preferred against him when he vanished. Kohler told him there was little hope that he would again travel a beat on the Cleveland police force.

BEAUTIFUL SQUAW

Believed by Mrs. H. Foy to Have Enticed Her Husband Away From New York City.

New York, March 13.—Edward Foy, an English florist, whose place of business was at No. 2330 Seventh avenue until last Friday, is missing, and his wife, whom he married but two months ago, says she believes he has been enticed from her through the allurements of a "beautiful and educated" Indian squaw, who has recently advertised for a "pale face" husband over a Chicago address.

The deserted wife, left alone and beset by her husband's creditors, has returned to the home of her parents. Mr. and Mrs. Charles Dodd, the family held a conference to devise ways and means to restore to her not only her husband, but her jewels, and to her mother a considerable sum of money.

IN AN INCUBATOR

Attempt Will be Made to Save the Life of the Midget, Weighing a Pound and a Quarter.

New York, March 13.—A baby weighing only one pound and a quarter and no larger than the average man's hand is in an incubator in Bellevue hospital. It is a boy, born Thursday morning to Mrs. Mary Callahan, wife of John Callahan, of No. 101 East Seventy-fourth street. The physicians are positive that the little one will live. The mother is fervently praying that it will, as only a month ago the last of her four children died of spinal meningitis. She lost two by diphtheria, while another was burned to death a year ago.

"QUICKSTEP"

Played by the Brass Band at Captain Sargent's Funeral—Dying Request Was Observed.

Evansville, Ind., March 13.—The dying requests of Captain W. H. Sargent, who was buried at Rockport, Ind., were carried out to the letter. Captain Sargent was an ex-Union soldier, aged 61, and died at Fordsville, Ky., where he leaves a great deal of property. Before he died Captain Sargent said he wanted his body taken to his old home at Rockport for burial, that a brass band should head the funeral procession and should accompany the remains to the cemetery, that enroute to the burial ground the band should play several lively patriotic airs and "Home Sweet Home," that on the way back from the cemetery the old-time march, "The Quick Step," should be played, and he requested that all should march with a brisk and lively step.

The band was engaged by the relatives and the wishes and requests of the dead man carried out. Captain Sargent was a native of Rockport, Ind., and from 1882 to 1884 was Auditor of Spencer county. When he died he was one of the wealthiest men of Fordsville.

ILLINOIS GIRL SAVES ELEVEN THOUSAND PENNIES

Rockford, Ill., March 13.—Nellie Mason, a school girl in this city, surprised the officials in one of the local savings banks by pulling a toy wagon inside the counting room. Then she took the cover from the load the wagon contained and passed to the receiving teller 70 pounds of pennies. There were 11,700 of them, done up in packages of twenty-five each. With the load she opened a savings account with \$117 to her credit. The pennies had been given to her by her father, who is a small merchant in the residence part of town.

NOW A HAPPY LAUGHING GIRL

Child Prostrated with Dyspepsia Finds Health Through Rexall.

"If mothers could only be made to realize," said Mr. Frank D. Hall "that dyspepsia attacks children as well as grown folks and that unless it is promptly checked the little ones, through the inability of their stomachs to assimilate food, literally starve to death, much suffering, grief and despair would be averted."

"Rexall Dyspepsia Tablets are a sure cure for troubles of this kind. Just read what they did for Mrs. Paynette's little daughter."

"I take pleasure in writing you that your Rexall Dyspepsia Tablets have done more for my little girl than all the remedies we have used. She was almost prostrated with dyspepsia and fast losing her strength, not being able to use any solid food. She has been better ever since using these tablets. She can now eat everything, and is gaining every day."—Mrs. L. Paynette, Leominster, Mass.

"Dyspepsia," continued Mr. Hall, "is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food."

Rexall Dyspepsia Tablets supply the missing element; restore to the gastric juices their digestive power, and make the stomach strong and well.

"We know that they will positively and permanently cure this disease, no matter how bad it is."

"We want you to try them and will return your money if you are not more than satisfied with the result."

"We guarantee relief from dyspepsia by the use of a twenty-five cent package."

HOARDED MONEY

If a person hides away a few dollars in a secret drawer or puts them in a small iron safe, does he consider it an expense? If he deposits them and receives credit in his savings bank book, does he class it as an expense? Why is it that so many men look upon a life insurance premium as an expense, and can not be induced to believe that it is not?

When a person spends money for anything, it passes out of his possession. This is not the case with a life insurance premium. One deposits the money and it is kept for him awhile, and later it is given back again, with more added to it. It never passes out of his possession. It is his money just as much as if it were in a bank, and it is a great deal safer than if deposited in some bank. Give up the idea that insurance is an expense and see it in its true light. There is only one best company. The Equitable Life of New York, and it is the strongest in the world. O. M. and J. E. Tucker, agents.

A Newspaper That Speaks Out.

On February 2 The Pittsburg Times was 25 years old. Its owners claim that its undiminished popularity is demonstrated by the fact that it has a larger circulation than any other morning paper in Pittsburg. During the past few years it has attracted a great deal of attention by the frankness with which it has discussed subjects of public interest. Whenever there is before the people some question of absorbing importance newspaper readers are on the qui vive to know what The Times says is right to the point. It hits to the line. That, however, is only one of the merits claimed for it by its publishers. Its general news service is comprehensive and complete. It is accurate in its financial department and up-to-date on its sporting page. Its serial stories are by the best modern authors. It pays especial attention to the news and views of all the churches, and in this respect has won the admiration of the best people. Its editorial page is a daily feast of the best and brightest thoughts. It endeavors to avoid the "yellow" and caters only to the people of the home and the family. It has no Sunday issue. ON A COT

He Lay and Heard the Funeral Services Over His Dead Wife by Telephone.

Pittsburg, Pa., March 13.—Lying on a cot in the Alleghany General Hospital, Benjamin P. Welsh, an Alleghany druggist, had a telephone receiver adjusted to his ears Sunday afternoon and he listened to the funeral sermon preached over his dead wife at his home on Fairview avenue, about two miles away, in the room filled with mourners. A telephone transmitter had been arranged so that Rev. Thomas Park could address the sick man as well as the friends near the coffin.

Last Monday night Mr. Welsh hurried home with medicine for his wife, who was suffering from pneumonia. In stepping from the street car he fractured his leg in two places. He crawled home and next day was taken to the hospital for better treatment. His wife died last Thursday night. Friday Mr. Welsh had the telephone company arrange so he could hear the sermon.

Mrs. Welsh came here from Oil City, where her family is highly respected.

The Best Lot Proposition Ever Offered to The Citizens of Newark

Owing to the fact that a number of citizens of Newark have expressed a desire to buy lots adjoining the new United States Navy Yard, about five miles from Charleston, South Carolina, from Messrs. Bolton and Wilcox, a number of them will be placed on sale. Those who take the trouble to investigate will find it the best lot proposition ever offered in the City of Newark. There will be twenty millions spent to complete this yard, and about four thousand men employed or as many men as are employed in all the shops in Newark combined. The first mechanics to the number of five hundred will be sent there this fall upon the completion of the dry dock. Sewer, water and granolithic sidewalks are guaranteed on each street. The gate of the Navy Yard opens into this property and the electric car line runs through the entire length of the property to the Navy Yard gate. These lots will be sold on payment of ten dollars a month without interest or taxes until paid for. Your money cannot help doubling itself in a short time, as the history of all Navy Yards has been that they have made large cities in a few years. We have made contracts with a number of Newark people to go there to work on this property. Those desiring to buy lots may call on us at 14 1-2 North Second street or buy them from the agents we have appointed. Office open evenings. Pictures and plat of property may be seen in the window of the room formerly occupied by Sachs Bros., on the east side of the square.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by—heart disease, pneumonia, kidney failure or asphyxy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Eladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Williams' Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of using a commode to go often during the day, and relieves many times during the night. The "Swamp-Root" has the extraordinary effect of stimulating the kidneys, and it stands the test of its wonderful cures of the most stubborn cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and dollar-sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free of charge, sent free by mail Address Dr. R. M. Williams, Englehampton, N. Y. Why not read this generous offer in this paper?

Don't let the name "Swamp-Root" fool you. The name "Swamp-Root" is the name of the great kidney, liver and bladder remedy.

further evidence, which they found in abundance. It was not long before James Barry came in, accompanied by 320 pound Kate O'Brien, in whose name the house was rented and they were put under arrest.

Chief Flynn was much elated over the raid. He said that Ann Dougherty was one of the few women counterfeiters in the country. She was sentenced to two years for counterfeiting by Judge Thomas in Brooklyn a few years ago. The Secret Service men say that she, with the others captured, have disposing of counterfeit money in Greenpoint, Astoria and that neighborhood to Italians, who put it in circulation. "Skinny" Holden himself was sentenced to five years in the penitentiary for counterfeiting by Judge Thomas in the Circuit court last Thursday. He has served four or five terms already for the same offense.

The "Queen of the Counterfeiters" and her companions were arraigned before United States Commissioner Bennett today. All waived examination and were held in \$1,000 bail to await the action of the grand jury.

WOODEN LEG

Declared in Court to Be a Deadly Weapon, But Legal Decision Was Forestalled.

Birmingham, Ala., March 12.—The question of whether a wooden leg is a deadly weapon caused Judge Donaldson, of Ensley, a suburb of Birmingham, some embarrassment, but he was relieved by the prisoner charged with using his wooden leg as a weapon pleading guilty. Dave Brown was charged with having struck Nellie Alexander, his sweetheart, with his wooden leg, inflicting painful and possibly serious injuries. The lawyers argued the question without result, and finally the woman gave testimony so unfavorable to Brown that he pleaded guilty, and Judge Donaldson was relieved of the necessity of laying down a momentous legal precedent. Brown was fined \$25 and the costs.

GOSPEL

It is gospel truth to say that no DISEASE such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local inflammation, can be so quickly, safely and surely cured, as by the use of Hamlin's Wizard Oil.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

OBITUARY

J. E. RANKIN DEAD

Ex-Sheriff of Licking County and Former Marshal of Newark. Passes Away in the East.

Word was received here Saturday night of the death of Mr. Jonathan E. Rankin, which occurred at his late home in Bath Beach, Brooklyn, N. Y., on Saturday afternoon at 3 o'clock, after an illness of some time.

The deceased was a former resident of Newark, where he had lived for many years, and was one of the best known and most highly respected men in Licking county. When only a little past 21 years of age, Mr. Rankin was elected Sheriff of Licking county, and for many years was married of Newark, and previous to his removal to New York held the position of special officer for the B. & O. railroad company, in which position he gave excellent service. Two sons, Messrs. Edw. S. Rankin of Cleveland, and Chas. B. Rankin of Bath Beach, Brooklyn, N. Y., survive him.

It is expected that the remains will arrive here some time on Tuesday, but the hour for holding the funeral has not yet been determined. The bereaved widow, who is a sister of Dr. Walter Harrington, and the two sons, have the sympathy of all their Newark friends in their sad affliction.

ANDREW INGRAHAM

A Former Fredonia Resident and a Brother of Mrs. Noah Andregg; Dies in Nebraska.

Mrs. Noah Andregg received the sad news Saturday of the death of her brother, Andrew Ingraham, who died at the home of his son in Mitchell, Nebraska. Mr. Ingraham was born and brought up in Licking county, near Fredonia, but has not been here for many years.

MRS. U. W. SHERRARD

Life Long Resident of Nashport. Died Sunday Afternoon at the Age of 84—Burial Wednesday.

After having lived a well rounded life, Mrs. U. W. Sherrard, a life long resident of Nashport, died at 2:30 o'clock Sunday afternoon, at the age of 84 years. Mrs. Sherrard fell and broke her hip last December and had been ailing ever since.

Mrs. Sherrard, because of her long residence in Nashport, was known to practically everyone of that town and vicinity. She had been a faithful member of the Nashport M. E. church for many years, and led a life filled with many kindnesses and good deeds. She is survived by her husband, who is about the same age. G. J. Haggerty, a brother, also survives. He lives at Nashport.

Judge Leonard Haggerty and George Haggerty, both of Columbus are nephews and Mrs. Frank Robison and Mrs. B. Wilhelm of Nashport, are nieces.

Funeral services in memory of Mrs. Sherrard are to be held Wednesday at 11 o'clock at the M. E. church in Nashport. Rev. W. B. Warren of Frazzysburg will officiate, and interment will be made in the Irville cemetery.

DEATH NEAR SUNBURY.
Lonis Kilpatrick, a farmer living near Sunbury, died Saturday of pneumonia, aged 52 years. He leaves a wife and seven children.

ALMA CLIFTON OF PATASKALA.
Columbus, March 13.—Alma Clifton of Pataskala, Licking county, died on Sunday of typhoid fever at 347 1-2 East Mount street, aged 12 years.

MRS. THOMAS OSBORN.
Mrs. Hattie Osborn, wife of Thomas Osborn, was born July 6, 1887, and died March 8, 1905, aged 17 years, 9 months and 2 days. Hattie was a flower plucked in full bloom, faded on earth, but to bloom in a fairer world than this. The messenger of the skies came to greet her with the kiss of immortality. He came to escort the tired spirit to a coronation never seen on the thrones of earthly power and glory. While yet in love with life, enraptured with the world, she passed to silence and dust. We bow in silent submission to the sad decree, as the inevitable end of all earthly things. Death, like life to us all, is the great unsolvable problem. A precious one from us is gone. A voice we love, so still: A place is vacant in our home. Which never can be filled. God, in his wisdom, has recalled. The boon his love had given. And though the body molder here, The soul is safe in Heaven. 'Tis hard to break the tender chord. Where love has bound the heart: 'Tis hard, so hard, to speak the words. We must forever part. Yet again we hope to meet here. When the day of life is fled: And in Heaven with joy to greet thee. Where no fire will ever be shed. Husband, Mother and Sisters. The last essential conditions and mutually loved each other. Let him who fears to die be afraid of life. When the soul of Hattie left its tenement, it was as if a cloud of light had been shed upon the lives of all who stood around her bed and dropped silent tears over

the loved one. The father, mother and sisters and husband shed tears of regret and sorrow over their irreparable loss, and although they have the assurance from the good book that "He doeth all things well," yet the tears unbidden start at the mention of the loved one gone over the river.

CARD OF THANKS.

I desire to return my heartfelt thanks to the Rev. Mr. McIntire, pastor of the M. E. church, members and friends, for their kindness and sympathy in the funeral services of my dear sister, Diana Scott Lemmons, to Dr. C. P. King, Mr. and Mrs. Coleman, Mr. and Mrs. J. Merchant, Mr. and Mrs. D. M. Guy, Mr. and Mrs. Frank Kennedy, Mr. and Mrs. Lee Jackson, Mrs. Dorey and others for their attentions and kindness during her last illness, and many thanks for the floral offerings and the beautiful music rendered by the choir, arranged for the occasion. These acts of devotion to me in my hour of distress will never be forgotten by me. May the Lord bless me and all of you, in my prayer: Wm. T. Scott.

CARD OF THANKS.

We wish to extend our most sincere and grateful thanks to all friends and neighbors for their kindness and sympathy manifested through the sickness and death of our dear brother, Dr. John M. Aigoo, to Rev. Mr. Kiernan for his kind consolation expressed in the text, "Going to God"; to the Baptist choir for their sweet music; to the K. O. T. M. for their beautiful floral offering; also to the Lady Maccabees for theirs; to the dentists of the city for their beautiful floral offering; also for beautiful floral offerings sent by friends and neighbors. Mrs. J. V. Hilliard.

J. F. LINGAFELTER

WILL BE TRIED ON ANOTHER INDICTMENT IN SPRING.

Charge at the Trial Will be Embezzlement or Making False Entries in Bank Books.

When Prosecutor J. R. Fitzgibbon's attention was called to the recent interview with James F. Lingafelter, Mr. Fitzgibbon today said to an Advocate man that in all probability the former cashier of the Newark Savings bank will be tried on another indictment at the spring term of court at Newark.

The grand jury returned over a score of indictments against the ex-cashier the indictments being for making false entries, for forgery and embezzlement. He was tried and convicted at Mt. Vernon on a charge of forgery and he will be tried in the spring, says Mr. Fitzgibbon, either on a charge of embezzlement or that of making false entries in the bank books.

In deciding to try another case against Lingafelter, Mr. Fitzgibbon is following the precedent set in the Cambridge bank case. Herbert O. Barber was convicted and has appealed his case to a higher court. He is now to be tried soon at Zanesville on another indictment, having secured a change of venue.

Mr. Stillwell's Fee.
Mr. B. G. Smyth said Monday afternoon that he had been told that the court had reduced the fee allowed Mr. Stillwell in the trial of the two Lingafelter cases from \$1000 to \$600. Mr. Stillwell assisted Prosecutor Fitzgibbon. The Licking county prosecutor is paid by the year and received no extra compensation for the trial of these cases.

AMERICAN LEAGUE 1905 GUIDE.
Reach's American League Official Guide for 1905, published by the A. J. Reach company, of Philadelphia, and edited by Mr. Richter of 'Sporting Life', is out, and is first in the field, thus making it the harbinger of the baseball season. The American League Guide for 1905 is in all respects a first class hand book of the national game and a decided credit to the American League and to the publishers, the Reach company. This is the fourth annual issue of the Reach Guide as the official hand book of the American League, and the 23d consecutive year of its publication as a book of record and reference for the entire baseball world.

COSTIVENESS SPELLS SICK ALL OVER

Costiveness, if allowed to go unremedied, will lead to habitual constipation, and that means bad blood, poor digestion, indigestion, nervousness, headache, and all the ills of the liver to secret and move the bile from the blood, which acts as a catalyst and keeps the system clear. Let the liver become sluggish, torpid or inactive, and you are as good as doomed, for as the sun is to the earth, so the liver is to the human system. Smith's Peppermint and Bile Beans (this cure is given in Nature's way). They restore the liver to normal activity, they remove food waste and establish regularity. No matter what you have tried, if Smith's Peppermint and Bile Beans, and you will obtain health and establish the liver and bowels in healthy action. They cure constipation, indigestion, headache in one night. Price 25 cents at all druggists.

LOCAL AND GENERAL MATTERS OF INTEREST.

Inspection of Uniforms—Gompers on the New York Strike—Engine Movements.

Trainmaster J. P. Fitzgerald of the B. & O., has issued a notice that last summer's uniforms of the trainmen, will be inspected on March 15. No uniforms will be accepted after that time for inspection.

Subway Situation.
New York, March 13.—Though traffic conditions were somewhat better on the subway and elevated systems, the service was far from being normal. At times the elevated trains ran regularly and again there were long delays. The service in the subway was better. There were a few minor accidents as a result of the inexperience of the motormen and guards. The company had more men at work and officials were busy during the day examining old employees seeking reinstatement.

Gompers on the Strike.
Baltimore, Md., March 13.—In a speech at a meeting of organized labor here President Samuel Gompers of the Federation of Labor declared that the strike of the Interborough railroad men was due to the fact that the men violated their agreement and contracts with the companies, which was entirely unnecessary. "The most important object in the labor organization today," said Mr. Gompers, "is the honor of agreement between employer and employee. The violation of agreement was the main cause of the strike in New York, and if the leaders of the New York union would have considered the agreement the strike could have been prevented. It was a simple case of the members of the union flying off half-cocked and not taking the advice of the men who have made the labor organizations in the United States what they are today."

Railway Briefs.
A large number of employees of the shops are off duty on account of sickness, suffering principally with grip, and bad colds.

Air Pump Inspector E. E. Moore is unable to work on account of sickness. Edward Morrison, a B. & O. machinist, has been sent to Columbus for service.

Brakeman F. M. Moats, who has been off duty for a short time, has been marked up for service.

A big train of emigrants passed through the city on Sunday over the B. & O. road en route to the west. Nine of the emigrants remained in Newark where they will probably locate.

As Pan Handle No. 6 pulled into the station here on Sunday the third street watchman noticed smoke issuing from beneath the ladies' car. He at once investigated and discovered that the canvas wrapped around the heating pipe was on fire close to the car. The attention of the brakeman was called to the matter and the fire was quickly extinguished. It might have resulted in something serious had it not been discovered when it was.

Brakeman N. W. Buxton, W. W. White, C. C. Granby, L. F. Kidlow, and J. N. Chester, have all been marked up for service after having been off duty for a short time.

Conductor Conley is unable to work on account of sickness.

Conductor Donavin, Flynn, Freese and Saver, who have been off for a few trips, have been marked up for service.

Brakemen B. T. Shimmel, C. W. Brown, H. W. Dickson and Shanbaugh have been given leave of absence for a short time.

Engine Movements.

Engine 1598 has been shipped in the erecting shop for repairs.

Engine 974, after having received needed repairs in the round house, has been turned out for service.

Engine 1156 belonging to the Wheeling division, has been turned out of the erecting shop after having received needed repairs.

Engines 151 and 2255 have been transferred from the Chicago division to Newark to be shipped.

Engines 2255, 151 and 634 have all been received from the Cleveland division at the Newark shops for heavy repairs.

Engine 974 has been turned out of the round house after having received light repairs.

Engine 1598, after having received heavy repairs in the erecting shop has been turned out for service.

Engine 1906 has been returned to Newark after having been out on the Chicago division.

Sunday Service.
Sunday fine audiences were present at the morning and evening revival services at the East Main street United Brethren church. Two were baptized and five were united with the church. As a result of the meetings, fifteen thus far have been received into church fellowship, all of whom are heads of families except one. Services tonight at 7:30.

There will be a dance given at Assembly Hall, Thursday, March 16, by the dancing pupils of Mrs. Spear as a benefit for her.

SAW MRS. CASSIE

BUT MR. STASEL HAS TROUBLE
IN ENTERING COURT ROOM.Judge Had Given Order to Keep Peo-
ple Out After All the Seats Were
Occupied.

Attorney A. A. Stasel had a peculiar experience in the Chadwick trial in Cleveland. About two years ago a woman came into Mr. Stasel's office to consult him on a legal matter. Circumstances were such that Mr. Stasel believed the woman was Mrs. Cassie Chadwick, after the facts concerning her case became public.

Last Friday Mr. Stasel went to Cleveland and a prominent attorney in Cleveland said it was almost impossible to get in as the regulations there are that there are only a certain number of seats, and no one is allowed to stand up. About 500 people were standing in line, and the clerk of the United States court was appealed to. He said that he would get Mr. Stasel the next vacant seat.

Mr. Stasel then stated to the clerk that his business was not that of a mere curiosity seeker, but that he would like to confirm in his own mind whether or not the defendant was the same woman who had come to him two years ago. The clerk became interested and left the office for a moment and returning said:

"Take off your hat and coat, Mr. Stasel, and go up stairs as if you were an employee."

Mr. Stasel then entered the court room and remained long enough to satisfy himself that the fair defendant was the same person who had been in his office two years ago.

TO BUILD A SKYSCRAPER

Eli Hull Has Begun Proceeding to Oust Tenants from West Side Building Which Has Been Condemned—All Insurance Has Been Cancelled.

Mr. Eli Hull, proprietor of the two-story brick building on the west side of the square, occupied by the Sparta Confectionery store, has brought a suit in forcible entry and detention against these tenants under peculiar circumstances. After a fire several years ago, Mr. Hull built a new two-story brick building. This has been condemned, and all of the insurance companies that had risks on the building cancelled their policies.

Both tenants have long leases, but under the existing circumstances Mr. Hull contends that he is justified in demanding that they move. He said Monday morning:

"Well, if they don't get out, that

building will fall down on their heads," and pointing to it he showed the reporter several dangerous cracks that can be easily seen from across the street.

"What do you expect to do to replace the building, Mr. Hull?"

"I intend to begin tearing it down as soon as I can get the tenants out, and will then build a structure on the site which will be an honor to the city. While not a skyscraper, my plans will call for a building not less than six stories in height and a couple of more may be added. As it stands now I have no insurance, the building is unsafe and I have to do something."

and who was fined \$50 and the costs, has filed a petition in error in the Common Pleas court.

Sheriff Redman was serving subpoenas in the southwestern part of the county on Monday morning.

BUTTER AND EGGS

Take a Small Drop, Indicating That Spring Time is Just Around the Corner.

There has been a noticeable drop in the price of eggs in Newark during the past three or four days, and they are now selling at twenty cents per dozen. Evidently the hens are beginning to get busy again. Country butter is selling in the groceries at thirty cents a pound, while creamery butter is selling at thirty-five cents per pound. A few days ago creamery butter was 38 cents a pound.

A Russian timber dealer has discovered a valuable mine of oak. It is in a river of South Russia in layers three or four feet deep, scattered over 150 square miles, and the most striking feature is its variety of colors, supposed to be due to the variegated soil of the river bottom. No fewer than 12 shades of pink, blue, yellow and brown have been noted.

Eagles sometimes arise to the height of 6,000 feet, and larks, crows, storks and buzzards often rise 2,000 feet. But the average bird seldom goes 1,000 feet above the earth.
